“We really like our Side Draw that we purchased in the mid 1980’s. We use it to haul all of our seed and fertilizer to the field every year as it’s very easy to use with our air seeder.”

John Berthaudin | Ste Rose, MB

“I am very happy with my Side Draw Tender, as I use it for both seeding and harvest. I really like it for its simplicity and would buy it all over again if need be!”
